My friend Cliff has given me a video he has created to upload to the website. It is a computer animation depicting some of the scenes recorded in the Old and New Testaments. The animations were drawn by hand in Deluxe Paint on the Amiga computer. I think you will agree, the messages portrayed on the video are very thought provoking. I hope you enjoy watching it. {playerflv}https://www.prophecynews.co.uk/downloads/BibleAnim.flv|320|240|#000000|false{/playerflv}
