I thankyou very much for all those who pray for me, I appreciate your prayers very much, for they are most needful. Please pray for my friend Helen tonight. She is a missionary nurse in Kalene Mission Hospital, Zambia. She is a member of my assembly in Northern Ireland, but serves the Lord full time in Africa. She runs several wards in the hospital by herself. She was involved in a car accident today, and has broken her pelvis. She has been flown to Lusaka for treatment. Please pray for a speedy recovery for Helen, peace of mind for her mother, and for Kalene Hospital as they will surely miss her.
