Iranian newspapers are urging Muslims around the world to prepare for a [great war](#) which they expect will result in the destruction of Israel. Pointing at Hizbullah's survival in Lebanon despite the massive Israeli bombardments, the newspapers state that the destruction of half of Israel was achieved by a 33 day war, and that through a 'second battle', the rest of Israel will fall. The papers urged Islamists from Jordan, Egypt and Syria to rise up against the 'Zionist regime'.

Quote: *'The Resalat newspaper struck a similarly bellicose tone with an editorial entitled 'Preparations for the Great War.' 'The great war is ahead of us, (and will break out) perhaps tomorrow, or in another few days, or in a few months, or even in a few Years... Israel must collapse,' the newspaper said. It added: 'For the first time in the 60 years of its disgraceful life, the Zionist regime - the West's beloved in the Middle East - tasted the taste of defeat, and the citizens of this regime trembled at the menace of Hizbullah's missiles... The nation of Muslims must prepare for the great war, so as to completely wipe out the Zionist regime, and remove this cancerous growth. Like the Imam (Ayatollah) Khomeini said: 'Israel must collapse.'*

These articles were published on the October 20th of last year, marking 'al Quds day', the day when Iranian Muslims call for the liberation of Jerusalem. President Ahmadinejad has of course previously called for Israel to be 'wiped off the map' at an anti-Semitic conference called the World Without Zionism. Earlier in the week, Ahmadinejad proclaimed that the Iranian nuclear facilities would be completed by [March 2007](#)

. A Russian politician claims that the date for an attack on the Iranian nuclear facilities has already been decided, that it will occur on [March 28th](#), 2007...

Quote: *'Zhirinovsky told the Russian radio station that, 'The war is inevitable because the Americans want this war. Any country claiming a leading position in the world will need to wage wars. Otherwise it will simply not be able to retain its leading position.' 'The date for the strike is already known - it is the election day in Israel (March 28). It is also known how much that war will cost,' said Zhirinovsky.*

Another interesting statement in this Prison Planet article is, that the Managing Director's wife of the famed Danish Newspaper that printed the Mohammed cartoons is a member of the

Bilderberg group. Prison Planet speculates that the publication of the Mohammed cartoons was a calculated move to inflame Islamic opinion, and enable EU support for America in the Middle East. If the riots were organized by the West (there is no doubt they were organized by Iran), then I think a more logical reason would be to enable the take over of the world religious bodies, through a system such as the [Alliance of Civilizations](#) ...

Quote: *"The possible inorganic manufactured nature of the riots [to the publication of the Mohammed cartoons] has to be seriously considered. The three most offensive cartoons that caused the outrage were not even printed in the Danish Jyllands-Posten newspaper but were added in and handed out by Danish imams who "circulated the images to brethren in Muslim countries," according to the London Telegraph. It also appears highly suspicious that Muslims in Gaza City and other places had gained access to a plentiful supply of Danish flags to burn in front of the waiting world media as soon as the controversy broke out. It now comes to light that Merete Eldrup, managing director of JP/Politikens Hus, the company that published the cartoons, is the wife of Anders Eldrup. Anders Eldrup is a Bilderberg member who has attended the last five Bilderberg meetings. The Bilderberg Group is a shadowy organization that meets once a year to steer global policy. It is now widely acknowledged that Bilderberg set the date for the March 2003 invasion of Iraq.*

I have no doubt whatsoever that the "great war" Iran is boasting about is none other than the war of Ezekiel 38-39. The fact that newspapers are now urging Muslims to prepare for this war shows us just how close we are to the beginning of the tribulation period.
